

Corporate Profile

We are Architects of Change

Message from the GM

Dear Valued Partners, Customers, and Stakeholders

As we navigate an era characterised by rapid technological advancements, economic challenges, and evolving business landscapes, the role of managed services has become increasingly critical.

At Logicalis South Africa, we are dedicated to leading this transformation, offering comprehensive and innovative solutions tailored to meet the unique needs of our customers. With our unwavering commitment to excellence and deep industry expertise, we stand as a trusted partner in driving efficiency, scalability, and success for businesses of all sizes.

By embracing change and maintaining agility, we empower our customers to thrive in an ever-evolving digital landscape. As we embark on this journey together, I invite you to explore our service offerings and discover how Logicalis South Africa can help your business.

Lindie Ferreira
GM Logicalis South Africa

Logicalis overview

As a global technology service provider, we deliver next-generation digital managed services, to provide our customers with real-time visibility and actionable insights across the performance of their digital ecosystem including availability, user experience, security, economic performance and sustainability.

Global

Our 7 500 Architects of Change are based in 30 territories around the globe, helping our 10,000+ clients across a range of industry sectors, create sustainable outcomes through technology.

Logicalis SA is a technology service provider headquartered in Cape Town, South Africa. With over 210 employees and a portfolio of services, we cater to 275+ local clients.

As a part of the Logicalis Group, our reach extends globally, providing offshore services to European and global clients. Our acquisitions and strategic partnerships over recent years have fortified our service offerings and expanded our footprint in South Africa.

Certified

Logicalis SA is a Level ONE contributor to B-BBEE, has a B-BBEE Procurement Recognition Level of 135% and is committed to transformation and empowering previously disadvantaged groups.

Our certifications include rigorous ISO certifications that indicate our commitment to quality and customer-focused ICT services.

About Logicalis Group

Logicalis has annualised revenues of \$1.7 billion, from operations in Europe, North America, Latin America, Asia Pacific, and Africa. It is a division of **Datatec Limited**, listed on the Johannesburg Stock Exchange, with revenues of over \$3.7 billion.

Datatec is an international ICT solutions and services group operating in more than 30 territories across North America, Latin America, Europe, Africa, Middle East and Asia-Pacific.

Through three core divisions, the Group offers Integration and Managed Services (**Logicalis International and Logicalis Latin America**) and Technology Distribution and Financial Services (**Westcon International**).

Who we are and what we do

Datatec is an international information and communication technology ("ICT") solutions and services group. It was founded **40 years** ago in **1986** and has been **listed** on the **Johannesburg Stock Exchange ("JSE")** since **1994** and was admitted to the **OTCQX trading platform** in the US in **2025**.

Our purpose

To deliver value to all stakeholders through technological agility and service excellence.

Our heritage is in data communications, networking and cyber security, which we deliver through end-to-end solutions offerings.

Our vision

To be a global leader in speciality, high-value ICT solutions through distribution and integrated services businesses, in collaboration with leading vendor technology partners. We have built an extensive global footprint through our entrepreneurial expansion, which we plan to continue.

Why Logicalis?

Managed services heritage

Logicalis has over 20+ years of managed service experience and has received many prestigious awards for its service innovations.

End-to-end services

Logicalis also offers consulting, advisory, and professional services, along with 24x7x365 Level 1/2 global service desk support for leading operating systems, browsers, mobile devices, and applications.

Exclusive technology

The Logicalis Digital Fabric Platform brings together sophisticated business process designs, automation, and multiple integrations, and we're continually rolling out new services and functionality.

Highly certified experts

Customer-focused professionals work as a team to bring life to your technology strategy and help you achieve your business goals.

Global delivery, local execution

Globally delivered managed services provide a consistent experience, while consulting, advisory, and professional services are delivered by knowledgeable regional teams.

Navigate an ever-evolving market and turn uncertainty into success.

Our values

Sustainable innovation

We create a blueprint for change that will last.

Excellence every day

We strive for excellence in everything we do, always looking for new ways to improve.

Integrity is intrinsic

Honesty, fairness and accountability are at the core of who we are.

Better together

We work best when we work together, harnessing our collective expertise.

Everyone belongs

We do our best when we can be ourselves and embrace diverse perspectives.

“ ”

Stronger partnerships deliver better outcomes. Logicalis works with many of the largest global companies, leading technology and industry partners.

Morné Laubscher

CTO Logicalis
South Africa

Our partners

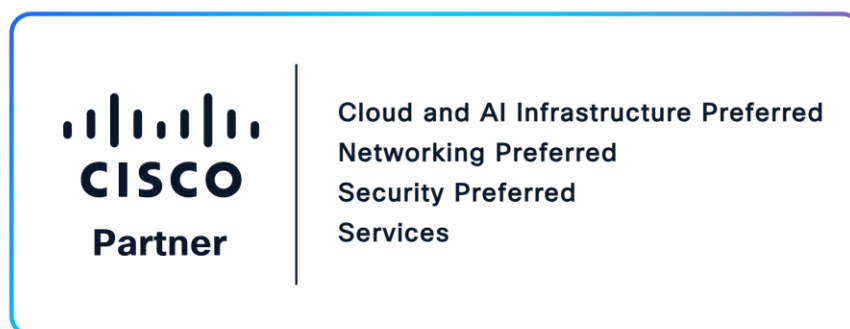

Our focus on innovative technologies and breadth of integration expertise encourages close cooperation with our key technology partners.

Our close partner relationships mean we are often first to market and to deploy new technologies, especially in the areas of Cloud, Security, Workplace and Connectivity.

Strategic global partners

By combining **12 Microsoft Advanced Specialisations**, continued **Azure Expert MSP status**, the elite **Microsoft Frontier Partner badge**, and membership of **MISA**, Logicalis operates at the peak of the **Microsoft** ecosystem, displaying deep expertise across secure data foundations, complex cloud management, and advanced AI technologies.

Logicalis is a **Cisco Preferred Partner** across **multiple portfolios** globally. Together we have been helping organisations achieve their transformation goals for over **25 years**.

Key solution partners

We work with a wide range of vendors and OEMs to deliver solutions across Cloud, Networking, Connectivity, Security, Data Platforms, Workplace, and Unified Communications.

Our services and solutions

Logicalis offers a full range of professional ICT solutions and technologies to South African and SADC businesses. Our in-house specialists and solution architects are certified with multiple vendors and manufacturers and can design complete package solutions based on your unique business ICT needs.

As an integrated technology partner, Logicalis engages with customers from pre-sales, solution design, commercial models, order processing, and logistics.

We remain committed to understanding our place in the IT value chain, aligning strategically with vendor partners that have the strongest market propositions that support our customer's vision.

Cloud

Cloud operations, digital transformation, hybrid cloud

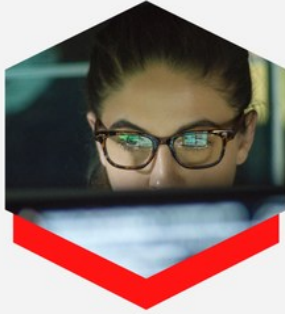

Intelligent Networking

Scalable and secure networks and connectivity solutions

Data Platforms

On-premises, hybrid and cloud data storage, backup and recovery

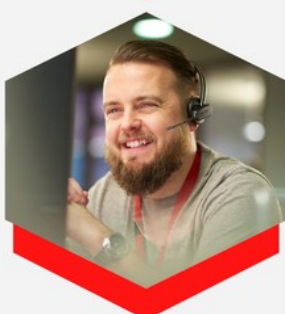

Deep Observability

Full network visibility, security and elimination of data duplication

Managed Digital Fabric

One central dashboard to monitor all business IT operations

Managed Services

ITIL and ISO-certified managed services

Intelligent Security

Security solutions covering the full threat landscape

Unified Communications

Inbound, outbound and omni-channel communications solutions

Workplace

Workplace solutions and modern desktop applications

Global service delivery

Logicalis South Africa has both a **local** and **global** footprint as part of a powerful international network of 30 Logicalis territories

As a leading managed services provider and systems integrator in South Africa, we provide you with certified IT solutions that are suitable for large enterprise companies or small, focused businesses.

Benefit from global best practices and technologies by drawing on our extensive vendor and manufacturer relationships.

Logicalis provides you with the convenience of an expert single point of contact to manage a complex system of IT technologies and vendors that are needed to maintain your competitive advantage in the market.

Delivering sustainable outcomes that matter.

Global and local expertise

We are proud to be the partner of choice for many successful South African and international organisations across industry segments. Some of our valued customers include:

Michiel van Niekerk
CIO Quantum Foods

“Of the providers we considered for this work, Logicalis was a stand-out candidate.

Their effort to obtain a detailed understanding of our business requirements, transparent approach, and energetic and knowledgeable executive team positioned them as the preferred outsourcing and digital transformation partner for Quantum Foods.”

Kevin McPhail
IT and
Infrastructure Manager

“When we began this journey, we simply wanted to bring on an MSP to help address the challenges we had identified.

In Logicalis however, we’ve found likeminded partners, experts and individuals that have taken the time to understand our business and to develop solutions that are dynamic, agile and attuned to our evolving business needs. “

“ ”

Our company values are what support our vision, shape our culture, and reflect what Logicalis values the most.

Patricia Adams

Chief Compliance
Officer

Logicalis South Africa

Our responsible business

Modern responsible business practices need to go beyond just run-of-the-mill philanthropic 'social responsibility'.

Our agenda is shaped by who we are as a business and underpinned by one key principle: that at Logicalis we are dedicated to conducting our business in a responsible and sustainable way.

Our people

Logicalis has committed to increasing the number of women and minority groups in our organisation to create more innovative, diverse teams.

Our communities

Logicalis' goal is to create Architects of Change through Education through the execution of business aligned community education programmes across the world.

Our planet

Logicalis has committed to become scope 1 and 2 carbon neutral across the group by 2025, and to contribute to a cleaner, healthier planet.

As Architects of Change, we design and deliver our customer's digital transformation by bringing together their vision, our industry knowledge and deep technological expertise

Our agenda is shaped by who we are as a business and underpinned by one key principle: that at Logicalis we are dedicated to conducting our business in a responsible and sustainable way.
